**RESOLUTION 2014-36**

*A RESOLUTION ADOPTING A POLICY/PROCESS FOR THE ADMINISTRATION OF HAUL ROAD AGREEMENTS WHEN REQUIRED AS A CONDITION TO THE ISSUANCE OF A CONDITIONAL USE PERMIT*

WHEREAS SDCL 11-2-17.3 allows counties to authorize conditional use of real property a part of a county zoning ordinance provided said ordinance specifies the approving authority and the criteria for evaluating each conditional use;

WHEREAS on April 20, 2004 the Grant County Board of Commissioners adopted Ordinance 2004-01, An Ordinance Establishing Zoning Regulations for Grant County;

WHEREAS Section 504 of The Zoning Ordinance for Grant County identifies the Board of Adjustment as the approving authority for all Conditional Use Permits in Grant County;
WHEREAS Section 504.8 of The Zoning Ordinance for Grant County authorizes the Board of Adjustment to prescribe appropriate conditions and safeguards for the granting of conditional use permits;

WHEREAS several listed conditional use permits require the designation of “haul roads” to accomplish the desired use of property;

WHEREAS the County seeks a uniform policy for administering haul road agreements when required as a condition of granting a conditional use permit;

WHEREAS this policy/process is to be used as a guide by Grant County Staff and the Board of Adjustment in mediating haul road agreement disputes;

NOW, THEREFORE, BE IT RESOLVED by Grant County that the County hereby adopts the following non-binding policy/process for the determination and administration of requirements for haul road agreements when required as a condition of granting certain conditional use permits.

- After the Zoning Administrator determines a proposed use is required to have a haul road agreement or believes a haul road agreement may be necessary, the entity that maintains the impacted road is notified and a recommendation regarding the application is requested.

- The permit applicant and the entity that maintains the impacted road is encouraged to submit a signed haul road agreement before the CUP hearing.

- The Zoning Administrator sets a date for a public hearing of the Board of Adjustment.

- Ten (10) days before the public hearing the zoning administrator publishes a notice of the public hearing in the official newspaper.

- Ten (10) days before the public hearing the Zoning Administrator requires applicant to either notify adjacent property owners by certified or registered mail.

- The public hearing is held.
  - If haul road agreement is a consideration, the entity maintaining the road will provide their recommendations.

- The Board of Adjustment will either approve or deny the request.
  - The Board of Adjustment will make written findings supporting its decision.
  - The Board of Adjustment may attach additional requirements to the Conditional Use Permit. (Including the requirement for a haul road agreement)

- If the application is approved with the condition that a Haul Road Agreement is required:
  - The approving road authority and applicant shall develop a haul road agreement within thirty (30) days of the decision of the Board of Adjustment.

- If there is an impasse between the applicant and the approving road authority,
  - The Zoning Administrator for the Board of Adjustment will meet with approving road authority and applicant to mediate unresolved differences.
The Board of Adjustment may allow parties an additional fifteen (15) days to resolve differences.
If differences remain unresolved, the Board of Adjustment will develop a haul road agreement
within fifteen (15) days to be signed between the applicant and the County with or without the
approving road authority approval.

County Commission’s role in enforcement of haul road agreement:

The County will require the applicant to sign a letter of assurance noting that the failure of the
applicant to abide by the terms of the haul road agreement between the applicant and the
approving road authority and/or county may result in the revocation of the Conditional Use
Permit.

If the approving road authority submits a complaint stating the applicant is not abiding by the
terms of the haul road agreement the County will:
• Investigate the complaint
• Mediate the dispute
• Offer solutions
• Provide opportunity for compliance
• Failure to comply may result in hearing to reconsider the permit(s)
