Do you know of someone who is in need of a helping hand to extend their time at home?

The primary function of the Visiting Neighbor Program is to provide part time assistance to the elderly and physically challenged so they can live in their homes as long as possible and be independent.

Services offered by the Visiting Neighbor Program

Personal Cares

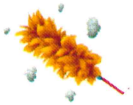

Light Housekeeping

Laundry Assistance

About Us

The Visiting Neighbor program was started 40+ years ago with Pearl Lundquist serving as the coordinator. All clients must reside in Grant County including the following towns: Stockholm, LaBolt, Revillo, Strandburg, Twin Brooks, Big Stone City, and Milbank. Aids assist clients for long or short term care. Residents can get assistance weekly, every other week or monthly, or as needed. Marie Loutsch currently serves as the program coordinator.

The Grant County Visiting Neighbor Program is funded by donations given by clients, family members, or friends. We also accept gifts & memorials from the public and from service organizations. Gifts can be made payable to the Grant County Treasurer. Grant County funds the program if donations and gifts are not sufficient to cover the costs of providing this service.
